NIPC- Nigeria's investment window to the world

... GOVERNMENT WILL SUPPORT YOUR INVESTMENT

PIONEER STATUS INCENTIVE

Are you a pioneer enterprise in Nigeria? Have you found the answer to the one-million dollar question - "Can Africa join the 'A' league of the world's choice investment destinations?"

Yes! The Nigerian Investment Promotion Commission (NIPC) is inviting all industries and companies engaged in activities of producing/manufacturing products classified as either "Pioneer Activities" or "Pioneer Products" as spelt out in the Industrial Development (Income Tax Relief) Act. NO.22 of 1971 (as amended), to take advantage of the Pioneer Status

incentive instituted to enable qualifying companies overcome start-up challenges usually faced by companies operating in the Nigerian business environment.

This is part of the Federal Government's strategies to support businesses towards consolidation, expansion and ultimately stimulate job creation and support import substitution.

This is in line with the Nigerian Investment Promotion Commission (NIPC's mandate as the flag ship of

investment promotion and facilitation in Nigeria. For further information visit www.nipc.gov.ng
